Intern With Steelcase

Intern with Steelcase

Intern with Steelcase in APAC and immerse yourself in a valuable, hands-on experience that positions you as an integral part of the team right from the start. At Steelcase, we foster a sense of belonging within a supportive network that extends beyond your specific role, connecting you with a diverse group of experts across various disciplines. As an intern, you'll collaborate directly with these seasoned professionals, contributing to projects that align with our overarching mission of creating environments that optimize productivity, spark inspiration and nurture personal growth.

Through a Steelcase internship, you will have a high level of exposure and visibility to our functional leaders who are highly invested in our talent pipeline.

While every day is different here at Steelcase typical activities for interns include:

- Daily stand-up meetings
- Business function tasks & collaboration time
- Networking with different employees at the company

Come and join our team and contribute to projects aligned with Steelcase's vision of creating inspiring workspaces that enhance productivity and personal growth.

Steelcase ESG Story At-a-Glance

Healthy Planet - Environment

Steelcase has always aspired to create lasting value for people — our customers, employees, communities and partners. We believe that our business is a force for good and we've woven the core components of ESG – environment, social and governance – into every aspect of our work to make that a reality. Here's how:

We are [committed](#) to lowering greenhouse gasses emitted in the creation of our products. We've established an internal carbon core team, which includes an executive oversight committee, to drive and monitor progress toward the goals associated with our climate commitment.

We hold our stakeholders and clients to the same standards we hold ourselves. We work with our key suppliers to set their own science-based targets and encourage them to share their progress and efforts with us in turn, holding each other accountable.

Healthy People - Social

[People are at the center of everything we do](#) at Steelcase. We want to be a company that all of our employees are proud to be a part of, and we strive to create an environment that allows people to grow and thrive. We are committed to integrating diversity, equity and inclusion into our strategy and day-to-day practices at all levels of our business.

To support this mission on a grander scale, we've implemented a series of learning experiences for leaders and employees that promote inclusive behavior, social learning and accountability. In addition, our global DEI Champions program empowers employees to drive DEI change within their local teams. Every individual brings unique value to the office and unlocking the contributions every person amplifies their impact and empowers them to reach their full potential.

Healthy Culture - Governance

While we take pride in receiving awards that recognize Steelcase as one of America's Best Large Employers or one of the World's Most Admired Companies, we aspire to be much more than the accolades. We belong to a global community built on mutual respect and positive relationships. We believe decisions are best made by employees closest to the issues who understand, and embrace our belief that business is a force for good.

At Steelcase, everyone's voice is heard, because we know that trusting and [empowering our people allows our employees to thrive](#). Their deep understanding of, and adherence to, our purpose and values furthers our commitment to integrity, authenticity and trust placed in us by our partners. That's what makes us a great place to work.
