Lievore Altherr Molina

Lievore Altherr Molina is a product design consulting and art direction, international studio.

Was created in 1991 by the merging of its three partners: Alberto Lievore, Jeannette Altherr and Manel Molina. Since its founding, the studio has been devoted to product design, consulting and the art direction of various companies, always offering individualised solutions.

SISTEMA

Infinite modularity

Collection of sofas designed by Lievore Altherr Molina, 2016

"Vicarbe's quest for comfort brought us to create Sistema in 2016 - a modular sofa which fits very diverse environments, needs and situations."

In these pages, a picture of different compositions of the Sistema Legs sofa with scissor legs and soft finish

Legs

Sistema Legs gives the possibility to choose between three different types of legs depending on the form: scissors, cylinder and flute - Offering great durability and adaptability to diverse environments. Available both in Smooth and Soft upholstery.

Floor

The definitive approach to the aesthetics of a residential sofa. Perfect for an additional degree of elegance thanks to its fully upholstered modules. Available both in Smooth and Soft upholstery.

Soft

A meeting point between rationalism and warmth. Sistema Soft emerges as an evolution of the System sofa, presenting a more comfortable interior, as well as a more wrinkled effect in its upholstery, one that is therefore more welcoming.

Smooth

Great durability and adaptability to diverse environments. System, with its smooth upholstery, is a perfect choice for commercial spaces, offices, or airports. High traffic areas where privacy and dynamism sometimes become a sine qua non.

MULTIPLE COMBINATIONS

It is well known that flexibility is creatives' best friend. But it is also true that a simple process together with a selection of deeply thought components become very much appreciated ingredients in project development. For this reason, we have spent the last months rethinking one of Viccarbe's best-sellers and singular pieces: The Sistema sofa. The engineering and manufacturing process of Sistema has been highly optimized. *"Because we believe that the only constant is change and because there is still so much to be done. This is, and will continue to be, a living history."*

SISTEMA LEGS

Sistema Legs gives the possibility to choose between three different types of legs depending on the form: scissors, cylinder and flute - Offering great durability and adaptability to diverse environments. Available both in Smooth and Soft upholstery.

In these pages, a picture of Sistema Legs with soft upholstery and scissor legs with Maarten low table

INFINITY CORNER

Back in 2006 we created Sistema, the modular sofa capable of meeting different requests and fitting into very diverse contexts and environments. We believe that simplicity combined with a careful selection of components or pre-configured elements help to gain agility during the management and development of projects. The Sistema corner makes the most of any space, ensuring comfort and allowing for infinite compositions.

Great for receptions, lounging areas and hybrid spaces

The Sistema collection designed by Lievore Altherr Molina has new family members: a refined armchair with scissor legs and a practical auxiliary table to work comfortably whilst sitting on the sofa from the same range.

The comfortable design armchair with scissor legs can include wooden or upholstered armrests, a versatile detail that facilitates individual work and long conversations at the office. Great for receptions, lounging areas and hybrid spaces.

On the right Sistema armchair with arms
and scissors legs in black

The Sistema Legs armchair allows you to work comfortably and relax in any corner. With friendly shapes for the home, elegant lines for office environments, and a comfortable appeal for hospitality spaces. Sistema Legs includes practical armrests, available in different versions, fitting in all kinds of contexts.

SISTEMA AREAS

DISCOVER ALL THE POSSIBILITIES

RESIDENTIAL

The rationalist and contemporary nature of Sistema can fit in perfectly with the warm atmosphere of a home. Here, it's just a matter of choosing the right finishes.

PUBLIC SPACES

Sistema gives us the possibility of incorporating backrests of different heights, or accessories such as armrests and auxiliary tables; perfect choices for use in transit areas such as airports, shopping centers, or hospitals.

Connectivity

1. Free table with USB port
2. Powerbox and USB port under seat

Sistema *Bench*

2016 — The spaciousness of the seating modules for the Sistema collection makes the bench an authentic place for meetings and having a break. It is a perfect island to complete spaces such as museums, hotel lobbies or even airports. Play with the components of the collection (such as the table module, the container or even the "free" arm) to surprise users in design and function.

In these pages, two Sistema benches, one with scissor legs and wooden auxiliary table and the other with standard legs

A great seating solution
