Lounge Chair,

Maarten

2017 — The Maarten armchair is a perfect complement for informal meeting spaces, lounges or reception areas in large facilities.

It has a slightly lower height than the chair and a wider seat, which allows for the composition of environments with other elements such as sofas, poufs and side tables. In this way, it will provide the necessary dose of flexibility to spaces in which one can let communication and encounter flow.

As an armchair, Maarten is a particularly elegant model as regards its proportions and optional details. The generosity of its seat and the possibility of incorporating armrests with oak finishes will transport us to the distinction of the offices of the '70s, to the balance between materials, to the search for comfort above all things.
