## British Quality and Craft.

*Beyond the Desk* is a clear illustration of our commitment to highly skilled upholstery, robust yet ethical material selection and uncompromising production values.

This has delivered a home-like lightness to its architecture coupled with the necessary at-work functionality.

## As light on its feet as possible.

Reducing the carbon embedded in *Beyond the Desk's* manufacture is paramount to Orangebox.

95% of *Beyond the Desk's* material suppliers are based in the UK and over 50% of those within 10 miles of the factory.

The cushions are carefully moulded to encapsulate the seat frame making the initial build process more sustainable and far easier to remanufacture. The seat frame and privacy screens are constructed using FSC certified wood.

## Ergonomic support.

A shortened seat depth that features a neutral rake easily allows both reclined and forward working at a table.

Healthy back support is provided with built-in lumbar to the upholstery that has an extended depth for comfortable arm resting.

Ease of egress and ingress is unhindered with an upright, supportive seat height of 470mm.

Inclusive  
as  
standard.

Accessibility design and neurodiversity awareness are helping to drive many workplace redesigns. The option of perching at higher writing shelves with great visibility or having the ability to close off completely provides much needed choice in sometimes overwhelming working or learning environments.

Providing layers  
of privacy where  
you need it.

The option to specify *Beyond the Desk* with either a low or high back, or a combination of the two, gives this system the architectural rigour needed within open-plan environments.

A person is shown from the side, holding a black tote bag. They are wearing a black and white horizontally striped short-sleeved shirt and blue jeans. The tote bag features a paragraph of text and a logo.

Today, technology has enabled us to work almost anywhere, which is why the new workplace has to be somewhere special... a place that we all look forward to going to, to feel a sense of belonging, a place to contribute to, to socialise in and to return home replenished!
