Jorge Pensi

JORGE PENSI DESIGN STUDIO was set up in 1984 in Barcelona's Gothic quarter, specialising in furniture and lighting design and the staging of different types of events.

Since then, the studio has consolidated its position as a global point of reference for contemporary design. Its minimalist and expressive designs have received numerous prizes and awards. Some of its first products, such as the Toledo chair and the Regina lamp, have since become Spanish design icons.

Working in a relaxed and creative environment, the studio's approach is characterised by intensive communication between the team and their clients throughout the whole design phase, from the initial idea to the final product.

Shape

DESIGNED BY JORGE PENSI, 2007

We believe in strong, personality-filled forms, in attractive and sensual curves. Above all, we believe in the power of side tables to complete the visual landscape of a space. Shape is pure character.

On the right featuring Shape low table in black finish and Season sofa
