

Cubb

An extensive range of contemporary chairs & stools

orangebox

Product Description

Cubb is a succinct range of chairs and stools: a new synthesis of design, function, materials, attitude, manufacturing intelligence and sustainability. Cubb results from our belief that great design comes from making the complex simple, with spontaneity emerging from rigor and precision.

Cubb's singularity of form creates an elemental chair with a clear personality, delivering robust functionality for any environment. Its innovative contemporary aesthetic extends over seven design typologies, making it suitable for specification through multiple applications in both hospitality and office environments.

The combination of Cubb's sleek profile and contemporary efficiency offers a rich palette of functions, materials, finishes, bases and upholstery style, giving designers and specifiers a wide range of options to match client needs and project aesthetics.
