

**Currency**  
Desking + Storage

## Currency goes a long way.

For the people who make work happen every day. For the organizations that count on exceptional value.

Durable, cost-effective and tailored to exact specifications, this broad portfolio of laminate desking and storage works hard and looks great in settings of all types – from private offices to the open plan. Create atmosphere and express brand with the natural appearance and warmth of wood. Designed to coordinate and integrate with other solutions, Currency is ideal for settings that blend multiple lines.

### FEATURES + ADJUSTABILITY

**Cohesive, customizable, and cost-effective**  
This extensive line works everywhere across the floor plan. With a full complement of casegoods and storage components, Currency provides all the essentials for well-equipped offices, dynamic open work areas and inviting ancillary spaces – for a rich and cohesive experience that doesn't break the budget. And with parametric capabilities, you can fit for the exact needs of your space or application – down to the 1/16 of an inch – putting customization in the hands of the designer.

**Works alone and blends well**  
Currency's extensive line, blending seamlessly with other applications, makes it a smart single solution for designing spaces that work for people. Its carefully planned dimensions and rich variety of style choices mean that Currency also blends with other applications and product lines, becoming second nature. Currency desking and storage solutions integrate easily into holistic modular panel systems. They make smart additions – and starting points – for designing spaces that go far for the people who use them.

**Attractive choices in more ways than one**  
Currency's customizable style options empower designers to create spaces that fit their vision. Whether nodding to tradition or setting new trends, designers can strike exactly the right tone by leveraging the wide palette of laminates offered, including woodgrains, solids, satins, and more.

## SURFACE MATERIALS

---

Express brand with a wide assortment of surface materials. Whether you're being cost effective with a solid or woodgrain Low-Pressure Laminate, or exploring over 200 finish options within High-Pressure Laminate – including satins and reclaimed laminates – Currency boasts an extensive line of visual options.

## SUSTAINABILITY

---

### RECLAIMED LAMINATES

Fragments of solid color paper that would have otherwise gone to waste are chopped up and added to liquid paper pulp to create the Reclaimed Aggregate and Reclaimed Gravel finishes, available on Currency. This technique uses small-batch craft production so that each new sheet produced is unique and natural, containing 30% recycled material.
