

Choice and Quality

Empath recliner seating with upholstered arms offers the quality, versatility and variety of features needed for the evolving needs of healthcare environments. With both essential and advanced features, it adapts to a wide range of uses in clinical spaces, including patient and exam rooms and infusion spaces.

DEVELOPED FROM REAL-WORLD INSIGHTS

The variety of Empath features are designed from real-world insights to improve the patient experience through safety and comfort while promoting overall quality of care.

Empath adheres to stringent Steelcase standards for durability and performance, with a thorough static and dynamic testing process that exceeds industry standards – for a long product lifespan.
