Ology Height-Adjustable Desks

Ology brings together physiology and biology to support wellbeing at work. It allows users to quickly, quietly, and intuitively change posture without disrupting their coworkers. Ology offers a one button solution for quick eye-to-eye collaboration. The integrated rail offers today's workers a range of ergonomic tools. Ology provides Bactiblock, an antimicrobial additive, can be molded into the most frequently touched components.

► Specifying, page 80.

Desk has a wood core with a High-Pressure Laminate or wood veneer surface and is 1" thick.

Lifting column is controlled by central control box for synchronization. Columns are precision balanced to minimize surface vibrations.

Access door and tray with power provides user access to 120V and USB power and data as well as cord management. Available as an option.

Integrated rail, available as an option, supports space division, lighting, or worktools to give users choice and control for their physical wellbeing.

Extended height-adjustable base adjusts from 22³/₈"H to 48⁷/₁₀"H in any increment.

Basic height-adjustable base adjusts from 27³/₁₀"H–46²/₅"H in any increment.

Leveling glides adjust 1/2" to install desk on uneven floors. 1" adjustable glides are available as an option.

CarbonNeutral.com

Now available as a CarbonNeutral product, making sure our commitment to a more sustainable future helps yours too.

Push button simple touch controller adjusts height at a rate of 1 1/2" per second.

Soft edge, available as option, reduces unhealthy pressure on forearms, as well as feelings of shoulder and neck fatigue. Soft edge is 36"W.

Edge is available in 3 mm edge profile for radius corner and square corner is 3 mm on the user's edge and 1 mm sides and back.

Distribute weight evenly. **Base** supports a maximum distributed weight load of 360 pounds (2-leg) and 500 pounds (3-leg).

Tip: 2-leg desks that have an overhang, or are 35"D or 36"D will have a distributed weight capacity of 300 pounds (136.1 kg).

Tip: When calculating lifting capacity, subtract the weight of the worksurface, understructure, and options selected.

► See page 52 for worksurface weights.

Active touch controller is Bluetooth-enabled and includes digital display, two preset buttons, double-tap automatic drive, and active motion posture reminders. *Tip: Active touch controller is standard.*

Tip: Steelcase Rise mobile app is available that pairs with any active touch controller to support preferences, presets, and activity tracking.

Product Details

High-Pressure Laminate Desks

Front (user's) edge profile is available in 3 mm edge profile.

PVC-free, 3 mm edge profiles are proprietary polyolefin blend for all solid colors and seven woodgrain finishes. Matching 1 mm side and back edges are also PVC-free.

► See *Surface Materials* in this book for specific PVC-free availability, page 274.

Edge profile finishes are specified separately from laminate color.

Square corners, available as an option, have 90° corners on all four sides with a front user's edge.

Radius corners, available as an option, have 1¼" radius on all four sides with a continuous user's edge. Radius corners eliminate sharp edges and are appropriate for freestanding furniture.

When radius corners are specified in applications with integrated rail, the front corners of the desk will be radius and the back corners will be square.

Wood Veneer Desks

Front (user's) edge profile is wood veneer with a square (3 mm) radius.

Side and back edges are flat. Wood edge color matches finish specified for desk. Corner style for wood veneer desks are square corners.

Extended ology desks adjust 22¾"H to 48⅞"H in any increment. Basic height-adjustable base adjusts from 27⅜"H-46⅝"H in any increment.

Simple touch controller is available as an option and easily adjusts height of desk, at a rate of 1½" per second, by lifting or pressing down on the controller.

Tip: Optional antimicrobial additive available.

Active touch controller is Bluetooth-enabled and is standard and includes digital display, two preset buttons, double-tap automatic drive, and active motion posture reminders.

Tip: Steelcase Rise mobile app is available that pairs with any active touch controller to support preferences, presets, and activity tracking.

4 pre-set programmable controller is available as an option. It allows users to set the seated and standing height positions or pre-set heights for multiple users. The collaboration button can be programmed to raise the desk to an average standing height for shoulder to shoulder/dyadic collaboration. Digital display will show the height of the desk when adjusting and at rest before it enters sleep mode.

Gyroscopic obstruction sensing technology

is standard with all Ology desks. The worksurface will backtrack when it makes contact with an object or detects tilt.

Desk sizes are listed in actual dimensions to allow for 1" gap to adjacent furniture eliminating any pinch points.

Integrated rail, available as an option, allows for the mounting of personal/modesty screens, lights, power strips, and other worktools.

The overall dimension of the worksurface is 23"D, 29"D, or 35"D. If full depth worksurfaces are desired, add 1" to each depth.

Integrated rail is optional and must be specified on initial order. It cannot be added after install. Worksurface depth is shortened by 1¾" to accommodate the integrated rail so the overall footprint remains the same.

Cord drop is standard when rail is specified and power door or grommets are not optioned to allow for cords to drop below the surface. Corner desks will have a cord drop on opposite side when power door or grommets are specified on a single side.

Desk overhang for CPU holder or layering of low storage and pedestals is available as an option on rectangular desks. The overhang is 9" and available on 64"W or larger desks. Desk widths 70"W or larger allow for single or dual overhang.

Tip: Overhang not available on 35"D or 36"D.

Soft edge, available as an option, is polyurthane and is offered with Bactiblock, an antimicrobial additive. Soft edge is available on rectangular and tapered desks that are 58"W or wider without overhang. With a left or right overhang, soft edge is available on 70"W and 76"W only. Soft edge cannot be used on desks that have overhang on both left and right.

Soft edge can be positioned left or right on desks that are 64"W or wider for use with integrated storage. *Tip: Soft edge is shifted 3" on 64"W, 6" on 70"W, and 9" on 76"W, without overhang.*

Worksurface overhang can be positioned left or right on desks that are 70" wide or wider for use with integrated storage. *Tip: Overhang not available on 35"D or 36"D.*

Ology desk with integrated storage must be specified with modular widths only. When opting for parametric widths, integrated storage is not available.

90° desks, 60¹/₁₆" x 60¹/₁₆" and wider, are manufactured in two pieces due to laminate sheet size. Flush mounted desk bracing is provided. The desk split is located on the left side if an equal corner is specified. The split is located on the longest side if an extended corner is specified.

90° desks can be specified 23", 24", 29", or 30" deep. Right- and left-hand depths are not required to match.

120° desks can be specified 23", 24", 29", or 30" deep. Right- and left-hand depths must match.

CarbonNeutral.com
CarbonNeutral product in the Ology portfolio helps organizations achieve their carbon emissions goals. Order **OLSLRQCN**, **OLELRQCN**, **OLSLL3CN**, or **OLELL3CN** to specify Ology with CarbonNeutral product certification.

Wiring and Cabling

Low surge electric motor with quiet operation adjusts at 1¹/₂" per second. Motor is 110V and includes a 10⁴/₅' power cord. Motor has 0.1W standby power.

Chicago requires that desks shipping into Illinois ship with a 9' power cord.

Ology desks are NRTL listed, and the Ology base is NRTL listed when constructed in accordance with the assembly directions.

Controllers must be located next to the control box. The control box can be placed on either the right or left side of the desk and is field-installed.

Power and data access door and tray with USB is available as an option. The door is 16¹/₂"W and centered on the surface, providing user access to power, data, and USB, as well as cord management. Corner desks can support the access door on either side of the desk or on both sides and will have a cord drop on opposite side when an integrated rail is specified.

Power strip, located in tray, includes three outlets and easy access to two USB charging ports. Each port provides two amperage of output. USB receptacles conveniently charge a wide range of electronic devices, though not all devices are USB compatible. Cord length is 10'. Data can be terminated and accessed in the tray, and it is positioned to the right. Both modular furniture and NEMA faceplates can be used. Chicago and California have special requirements. Desks shipping to Illinois and California with the power access door option have a powerstrip with overcurrent protection.

Power and data access door and tray can be positioned left or right on desks that are 64"W or wider for use with integrated storage. *Tip: Power and data access door and tray is shifted 3" on 64"W, 6" on 70"W, and 9" on 76"W, without overhang.*

Grommets, available as an option, help manage cable/cords going from the top of desk to the underside. Grommet inside dimensions are 3¹/₄"W X 3³/₄"D.

Grommets come in pairs. 90° and 120° corners offer pairs of grommets on the left side, right side, or both sides. 90° widths smaller than 58"W and 120° widths smaller than 40"W have a single grommet. *Tip: When grommet is optional, power and data access door cannot be applied on the same side of the worksurface.*

Cable riser supports cable management vertically between the floor and the underside of the desk. It is available in 6527 Merle and is specified separately. ▶Specifying, page 111

Cable riser, with leg connection, inside dimensions are 1"D x 1"W to accommodate a variety of cord sizes. Overall depth is 2".

Cable riser, with fence connection, inside dimensions are 1"D x 1"W to accommodate a variety of cord sizes. Overall depth is 2".

Cable basket and cable brackets, ordered separately, support horizontal cable management below the worksurface.
▶ Specifying, page 111

Cable baskets are available on rectangular, tapered, and 90° corner desks 46¹/₁₆"W or larger, and 120° corner desks 40¹/₁₆"W or larger.

Cable baskets inside dimensions are 6"D x 17³/₄"W x 4¹/₄"H and the overall width is 19¹/₂"W with a height of 4¹/₂"H.

Cable basket requires 8"D of clearance to install. The cable basket bracket is universal which allows for front or back facing orientation.

Tip: If the rail is specified on Ology, the cable basket is only allowed in the back facing orientation.

Tip: If a modesty panel is used on Ology, the cable basket is only allowed in the front facing orientation.

Inside dimensions of cable brackets are 6"D x 2"H.

Surface Materials

High-Pressure Laminate Desk

- Laminate
- ▶ See *Surface Materials Reference Manual*.
- Open Line laminate (option)
- A program including non-Steelcase laminates which are suitable for use on Steelcase products.
- ▶ See *Surface Materials Reference Manual*.

3 mm edge profile

- Plastic

Wood Veneer Desk

- 7360 Merle

Soft edge and grommet

- 6527 Merle

Power and Data Access Door and Tray

- Door
- Paint
- Anodized Aluminum

Door bezel

- 6527 Merle

Application Topics

Moving desks can collide with other components. Do not install overhead storage, desk-height power, or desk accessories in the path of height-adjustable desks.
▶ See page 26

Modesty panels, available in laminate and wood veneer, attach to the understructure of the desk. It is parametric in width from ¹/₁₆". Width of modesty panel can be equal to or less than the width of the desk.

Tip: Full-width modesty panels cannot be used on desks with integrated rail. To use with the integrated rail, the modesty panel must be undersized by a minimum of 12" (rectangular and tapered) and inset from the edge of the worksurface.

When using modesty panels with integrated storage, modesty panels must be specified 20" smaller than the width of the desk.

Modesty panels may be inset a maximum of 3¹/₂" from the back of the worksurface to allow for c-clamping.

Tip: Inset modesty panels do not work with the power access door option or the cable basket and cable brackets.

In order to inset, modesty panels must be specified a minimum of 12" smaller (rectangular and tapered) or 7³/₄" smaller (90°) and 7" smaller (120°) than the width of the desk understructure.

Tip: To use with integrated rail, the modesty panel must be undersized by a minimum of 12" (rectangular and taper) or 21" (90°) and 16" (120°) and inset from the edge of the worksurface.

Tip: Inset modesty panels do not work with the power access door option or the cable basket and cable brackets.

Fixed privacy/modesty screens mount on the integrated rail above for privacy and below for modesty.

Tip: 19¹/₂"H and 24"H are for privacy use only.

When using fixed screens in the modesty position, the desk must be at least 10" wider than the width of the screen.

When mounting universal privacy/modesty screens with One-High integrated storage, desks must be 64"W and wider.

When using fixed screens in the modesty position with One-High integrated storage, the desk must be at least 24" wider than the width of the screen.

Universal boundary screens are not permitted on height-adjustable desks, as they do not pass minimum safety requirements which could result in the desk tipping over.

23"H pedestal

On extended height desks, any storage higher than 19" will impede the height range of the desk. On basic height desks, any storage higher than 23⁷/₁₀" will impede the height range of the desk.
Tip: Do not place storage underneath controller.

21"H pedestal

When the power access door is optioned, on extended height desks any storage taller than 16¹/₂"H will impede the height range of the desk. On basic height desks, any storage taller than 21¹/₅"H will impede the height range of the desk.
Tip: Do not place storage underneath controller.

When optioning both the integrated rail and power access door, flat panel monitor arms cannot be c-clamped 5¹/₂" on either side of the power door.

CF monitor arms cannot be rail mounted.
 ▶ See page 43 for *Steelcase Monitor Arm Guidelines*.

When optioning the integrated rail and using a cable basket, there will not be enough room to C-clamp behind the basket.

When optioning the power access door only, flat panel monitor arms cannot be c-clamped behind the power door or within 5¹/₂" to either side.

When attaching lighting to the integrated rail, there is a 5¹/₄" mounting free zone on each end of the rail.

When installing SlatRail with a power door only, do not c-clamp the stanchions within 5¹/₂" on either side of the power door.

When mounting CPU holders, specify the overhang option.
Tip: CPU holders that require less than 12"D clearance may be mounted inboard of legs.

Tip: Maximum CPU weight capacity is 40 lbs.

Tip: Only standard Stella or 5" lift and lock mechanisms should be used.

Tip: CPU holders are not allowed on 35"D or 36"D worksurfaces.

On extended height desks, CPUs installed in a CPU holder should not be installed over the foot or exceed 16" high, or it will impede the height range of the desk.

All assemblies meet or exceed ANSI/BIFMA standards.

WARNING

Read base only warranty limitations.
 ▶ See page 26 for *Workstation Design Guidelines and Requirements*.

Keyboard assemblies are not allowed on 23"D or smaller than 46"W height-adjustable desks. They do not meet minimum safety requirements.

Steelcase keyboard assemblies can be installed on 29"/30"D Ology. Specify desks 46"W and wider and with an 11" track.

Supporting Multiple Monitors on 2-Leg Height Adjustable Desks

Application Guidelines

Rules:

- Minimum worksurface size: 29/30"D x 58"W
- No more than three single monitor arms (maximum monitor weight of 15 pounds per arm) permitted on 2-leg desk
- No more than six monitors permitted on 2-leg desk
- No more than 60 pounds maximum for monitor weight per 2-leg desk
- Not permitted on 2-leg desks with casters or height saver feet
- When calculating height-adjustable desk lifting capacity, subtract the weight of the worksurface, understructure, options, and add-on products (e.g. flat panel monitor arm, monitors, and CPUs)
- No worksurface overhangs permitted on the height-adjustable desk

Monitor Arm Assemblies	Migration SE T-Leg Only	Ology	AMQ T-Leg Only	Flex
Single Dynamic/Single Static Monitor Arm	X	X	X	X
Dual Dynamic/Dual Static Monitor Arm	X	X	X	X
Triple Dynamic/Triple Static Monitor Arm	X	X	X	Static only
One over One Static Monitor Arm	X	X	X	
Two over Two Static/Wide Static Monitor Arm	X	X	X	
Three over Three Static/Wide Static Monitor Arm	X	X		

Installation

Desks ship with pre-drilled holes for mounting bases.

Two-piece tops ship with flush mounted desk bracing.

Height-adjustable base requires attachment to the worksurface.

Base supports a maximum distributed weight capacity of 360 pounds (2-leg) and 500 pounds (3-leg).

Tip: 2-leg desks that have an overhang, or are 35"D or 36"D will have a distributed weight capacity of 300 pounds (136.1 kg).

Tip: When calculating lifting capacity, subtract the weight of the worksurface, understructure and options (i.e. integrated rail, power and data access door or soft edge).

Tip: A label applied to the underside of the worksurface will include the load-capacity for each desk.

Ology Height-Adjustable Desks, continued

Base supports a maximum distributed weight capacity of 360 pounds (2-leg) and 500 pounds (3-leg).
Tip: 2-leg desks that have an overhang, or are 35"D or 36"D will have a distributed weight capacity of 300 pounds (136.1 kg).

Tip: When calculating lifting capacity, subtract the weight of the worksurface, understructure and options (i.e. integrated rail, power and data access door or soft edge).

Tip: A label applied to the underside of the worksurface will include the load-capacity for each desk.

Tip: When the 90° desk width is 40"-42" and 23"/24" deep on one end AND the opposite end is 29"/30" deep, product size limits apply. The width must be increased to 46"W or greater.

Tip: When specifying 3-leg 90° equal corners the smallest width available is 52" x 52", regardless of depth.

Tip: When specifying 3-leg 90° extended corners the smallest width available is 40" x 52", when 23"/24" deep is selected on both ends.

Tip: When specifying 3-leg 90° extended corners the smallest width available is 46" x 52", when 29"/30" deep is selected on both ends.

Ology Modesty Panels

Modesty panels provide modesty when needed. Modesty panels, available in laminate and veneer, connect to the desk frame.

► Specifying, page 110

Brackets are attached to the panel.

Product Details

Gap is 1/2" between underside of the worksurface and top of modesty panel. Panel can be flush to the worksurface or inset.

Modesty panels are undersized 2 1/2" to account for desks with radius corners.

C-clamp mounting is not allowed with flush mount. C-clamp mount when panel is inset.

Modesty panels are defaulted in the horizontal grain direction for both laminate and wood veneer. Optional vertical grain direction can be specified, however, laminate specification is only allowed up to 60" wide.

Surface Materials

High-Pressure Laminate Panel

- Laminate
- See *Surface Materials Reference Manual*.
- Open Line laminate (option)
- A program including non-Steelcase laminates which are suitable for use on Steelcase products.
- See *Surface Materials Reference Manual*.

3 mm edge profile

- Plastic

Wood veneer panel

- Wood veneer (standard)
- Customiz stain (option)
- Full-Fill Finish (option)

Square 3 mm edge profile

- Wood veneer to match panel

Bracket

- 7360 Merle

Application Topics

Modesty panels are parametric in width from 34"W to 78"W in 1/16" increments. Modesty panel can be equal to the width of the desk or shorter.

Tip: When using a modesty panel on straight and taper parametric sized desks, modesty panel width must be verified in CET to avoid interference.

When used with integrated storage, modesty panel must be a minimum of 20" shorter than worksurface width to allow for pinch point clearances.

Full width modesty panels cannot be used on desks with integrated rail.

Tip: To use with the integrated rail, the modesty panel must be undersized by a minimum of 12" (rectangular and tapered) or 21" smaller (90°) and 16" smaller (120°) than the width of the desk understructure.

Modesty panels may be inset a maximum of 3 1/2" from the back of the worksurface to allow for c-clamping.

Tip: Inset modesty panels do not work with the power access door option or the cable basket and cable brackets.

In order to inset, modesty panels must be specified a minimum of 12" smaller (rectangular and tapered) or 7 3/4" smaller (90°) and 7" smaller (120°) than the width of the desk understructure. Utilize the mounting plates and screws to attach the modesty panel to the underside of the worksurface instead of to the cantilevers.

Tip: Inset modesty panels do not work with the power access door option or the cable basket and cable brackets.

Universal or Sarto privacy/modesty screens cannot be used with Ology modesty panels.

When using a modesty panel with Universal or Sarto privacy screens, verify placement in CET to avoid interference.

Actual Dimensions

Modular Modesty Panels	
Width	31 1/2", 37 1/2", 43 1/2", 49 1/2", 54 1/2", 61 1/2", 67 1/2", or 73 1/2"
Height	14 3/8"
Overall height	14 7/8"
Thickness	3/4"

Tip: Overall height is measured from bottom of mounting surface to the bottom of the screen.

Tip: Parametric modesty panel widths can be specified from 34"–78"W in 1/16" increments.

Universal Steel One-High and 1.5-High Open Laterals

For Ology Application

Universal One-High and 1.5-High open laterals for Ology application seamlessly integrates the Ology desk leg into universal storage. It provides a clean aesthetic with an efficient footprint. Ease of access to your items under the desk is convenient with this open storage configuration.

► Specifying, page 114

Product Details

One-High storage can be used with Ology extended range desks or basic range desks.

1.5-High storage can only be used with Ology basic range desks.

One-High and 1.5-High storage for Ology application have a removeable interior back panel to allow access to the Ology base.

Ology desk with integrated storage must be specified with modular widths only. When opting for parametric widths, integrated storage is not available.

Actual Dimensions

	One-High	1.5-High
Depth with flush steel open front	18"	18"
Depth with proud steel open front	18 ⁷ / ₈ "	18 ⁷ / ₈ "
Usable depth	11 ⁷ / ₁₆ "	11 ⁷ / ₁₆ "
Width	30", 36", and 42"	30", 36", and 42"
Height	16"	22"

Laminate and wood veneer tops with square edge profile are available. Tops are 1³/₁₆"H.

Removable interior cover provides access to power outlets that can be located in the panel behind storage unit.

Case Widths and Ology Foot Dimensions

30"W Ology open laterals can house Ology legs of 24" or 30" in length. 36"W and 42"W units can house Ology legs with feet of 24", 30", or 36" in length.

Integrated leg options apply to One-High and 1.5-High units only and are meant for use with Ology height-adjustable desks only.

Application Topics

Application: Ology left

Application: Ology right

Application is determined by which leg of the Ology desk is located inside the storage.

Shroud is used to finish off the back of the storage when application is used as stand-alone unit.

Filler is used in end-of-run applications where end of storage unit will be visible.

No top option on lateral file is available for use with a Universal common top shared with an adjacent lateral.

Universal common top for Ology application, ordered separately, is available in laminate or veneer. Cut-out for Ology leg is available on the left side or the right side of the Universal common top. Ology desk cannot be placed in the middle of the Universal common top.

Ology modesty panel or fixed personal/modesty screens must be undersized and justified to the outside when used with One-High and 1.5-High storage units. Only one open lateral file is permitted on Ology 90° corner desks.

When used with One-High and 1.5-High integrated storage, screens used in the modesty position must be a minimum of 18" shorter than worksurface width to allow for pinch point clearances.

To help avoid pinch points, the Universal One-High and 1.5-High open laterals for Ology application extends 1" past the back of the Ology worksurface.

Soft edge and power and data access door can be positioned left or right on Ology desks that are 64"W or wider for use with One-High and 1.5-High integrated storage.

Work surface overhang can be positioned left or right on desks that are 70" wide or wider.

Tip: Overhang not available on 35"D or 36"D.

Ology 90° corners that are 70" wide and wider can be used with One-High and 1.5-High storage units.

Ology 120° corners that are 52" wide and wider can be used with One-High and 1.5-High storage units. Only one open lateral file is permitted on Ology 120° corner desks.

Tapered desks that are 70" wide and wider can be used with One-High and 1.5-High storage units.

When specifying One-High and 1.5 High storage that matches the worksurface depth, only One-High storage should be placed adjacent to the desk.

Pinch point clearances are not maintained when 1.5-High or taller storage is used adjacent to One-High integrated storage that matches the worksurface depth.

Surface Materials

Elective Elements One-High Open Plinth Base Pedestals and Common Tops

For Ology Application

One-High open plinth base pedestal and common top for Ology application seamlessly integrate the Ology desk into Elective Elements. They provide a clean aesthetic with an efficient footprint. Ease of access to your items under the desk is convenient with this open storage configuration.

► Specifying, pages 120 and 122.

Tip: Use Elective Elements common tops with Ology base to create an Elective Elements height adjustable desk.

Actual Dimensions

One-High Open Plinth Base Pedestal

Depth	17¼"
Width	24", 30", 36", and 42"
Height	15½"

Common Top

Depth	18"
Width	24", 30", 36", 42", 48", 54", 60", 66", 72", 78", 84", 90", 96", 102", 108", 114", and 120"
Height	N.A.

Product Details

Pedestal Base

3" Base

Removable interior cover provides access to power outlets that can be located in the panel behind storage unit.

Base widths and Ology foot:

- 24"W Ology base units can house Ology legs 24" in length.
- 30"W Ology base units can house Ology legs of 24" or 30" in length.
- 36"W and 42"W units can house Ology legs of 24", 30", or 36" in length.

Ology desk with integrated storage must be specified with modular widths only. When opting for parametric widths, integrated storage is not available.

Surface Materials

Pedestal case

- Veneer
- Laminate

Laminate top on pedestal and common top

- Laminate
- Open Line laminate (option)

Edges on pedestal and common top

- Wood veneer
- Plastic

Wood veneer top on pedestal and common top

- Wood veneer—open pore finishes
- Full-fill (option) is available on wood veneer tops only.

Application Topics

Storage

Application: Ology left

Application: Ology right

Application is determined by which leg of the Ology base is located inside the pedestal.

Common tops for Ology application can be used with two units side-by-side when one storage unit is required for Ology leg integration.

Common top for Ology application, ordered separately, is available in laminate or veneer. Cut-out for Ology leg is available on the left side or the right side of the common top. Ology desk cannot be placed in the middle of the common top.

Common tops for Ology application are available when ganging Ology base units to other Elective Elements pedestals of the same height.

To help avoid pinch points, the pedestal for Ology application extends 1" past the back of the common top.

When specifying One-High storage that matches the worksurface depth, only One-High storage should be placed adjacent to the desk.

Pinch point clearances are not maintained when 1.5-High or taller storage is used adjacent to One-High integrated storage that matches the worksurface depth.

Desk

Modesty panel or fixed personal/modesty screens must be undersized and justified to the outside of the common top when used with pedestal.

When used with One-High integrated storage, screens used in the modesty position must be a minimum of 18" shorter than worksurface width to allow for pinch point clearances.

Soft edge and power and data access door can be positioned left or right on Ology desks that are 64"W or wider for use with One-High integrated storage.

Worksurface overhang can be positioned left or right on desks that are 70" wide or wider.
Tip: Overhang not available on 35"D or 36"D.

Ology 90° corners that are 70" wide and wider can be used with One-High storage unit.

Ology 120° corners that are 52" wide and wider can be used with One-High storage unit.

Ology Height-Adjustable Rectangular Desks

High-Pressure Laminate or Wood Veneer

Tip: On extended height desks, any storage higher than 19", or 16½" if the power access door is optioned, will impede lowest height range of worksurface. On basic height desks, any storage higher than 23⅞", or 21⅞" if the power access door is optioned, will impede lowest height range of worksurface. Do not place storage underneath controller.

Tip: On 23⅞"D and less than 58"W desks, only single and dual flat panel monitor arm applications are permitted for use.

▶ See page 43 for *Steelcase Monitor Arm Guidelines*.

Tip: For desks 29⅞"Dx58"W and greater additional monitor arm configurations are allowed.

▶ See page 43, *Steelcase Monitor Arm Guidelines*.

Tip: Base supports a maximum distributed weight capacity of 360 pounds (2-leg) and 500 pounds (3-leg).

When calculating lifting capacity, subtract the weight of the worksurface, understructure, and options selected.

Tip: 2-leg desks that have an overhang, or are 35"D or 36"D will have a distributed weight capacity of 300 pounds (136.1 kg).

▶ See page 52 for *worksurface weights*.

Tip: Antimicrobial additives can be specified only when specifying simple touch controller and/or soft edge.

For laminate group 2 and 3 pricing, please refer to the electronic catalog or SmartTools.

Ology Height-Adjustable Tapered Desks

High-Pressure Laminate or Wood Veneer

Tip: On extended height desks, any storage higher than 19", or 16 1/2" if the power access door is optioned, will impede lowest height range of worksurface. On basic height desks, any storage higher than 23 7/10", or 21 1/5" if the power access door is optioned, will impede lowest height range of worksurface. Do not place storage underneath controller.

Tip: On 23"/24"D and less than 58"W desks, only single and dual flat panel monitor arm applications are permitted for use.

▶ See *Steelcase Worktools Specification Guide*.

Tip: For desks 29"/30"Dx58"W and greater additional monitor arm configurations are allowed.

▶ See page 43, *Steelcase Monitor Arm Guidelines*.

Tip: Base supports a maximum distributed weight capacity of 360 pounds (2-leg) and 500 pounds (3-leg). When calculating lifting capacity, subtract the weight of the worksurface, understructure, and options selected.

Tip: 2-leg desks that have an overhang, or are 35"D or 36"D will have a distributed weight capacity of 300 pounds (136.1 kg).

▶ See page 52 for *worksurface weights*.

Tip: Antimicrobial additives can be specified only when specifying simple touch controller and/or soft edge.

For laminate group 2 and 3 pricing, please refer to the electronic catalog or SmartTools.

Tip: Soft edge is available on desks 58"W and larger.

Tip: Power access door and soft edge can be positioned left or right on desks that are 64"W or wider for use with One-High integrated storage.

Ology Height-Adjustable 3-Leg Corner Desks

High-Pressure Laminate or Wood Veneer

Tip: On extended height desks, any storage higher than 19", or 16½" if the power access door is optional, will impede lowest height range of worksurface. On basic height desks, any storage higher than 23⁷/₁₀", or 21½" if the power access door is optional, will impede lowest height range of worksurface. Do not place storage underneath controller.

Tip: Base supports a maximum distributed weight capacity of 360 pounds (2-leg) and 500 pounds (3-leg). When calculating lifting capacity, subtract the weight of the worksurface, understructure and options selected.

*Tip: 2-leg desks that have an overhang, or are 35"D or 36"D will have a distributed weight capacity of 300 pounds (136.1 kg).
▶ See page 52 for worksurface weights.*

Tip: Antimicrobial additives can be specified only when specifying simple touch controller

For laminate price group 2 and 3 pricing, please refer to the electronic catalog or SmartTools.

Tip: For a conversion chart of old to new 3-leg corner style numbers refer to page 284.

Tip: The standard active touch controller is Bluetooth-enabled to allow pairing with the Steelcase Rise app.

For Canadian Pricing
Multiply U.S. Price by the Canadian price factor.
▶ See page 1 for details.

Tip: At least one side must be 52"W or greater.

Tip: Equal corner widths are parametric to ¹/₁₆" from 52"W—78"W.

Tip: 90° desks, 60¹/₁₆"W x 60¹/₁₆"W and wider, are manufactured in two pieces. The worksurface split is located on the left side of an equal corner and on the longest side of an extended corner.

 **For Canadian Pricing**
Multiply U.S. Price by the Canadian price factor.
► See page 1 for details.

Ology Height-Adjustable Bases

Tip: Any storage higher than 19" will impede lowest height range of worksurface. On basic height desks, any storage higher than 23⁷/₁₀" will impede lowest height range of worksurface. Do not place storage underneath controller.

Tip: On 23¹/₂"D and less than 58"W desks, only single and dual flat panel monitor arm applications are permitted for use.

▶ See page 43 for *Steelcase Monitor Arm Guidelines*.

Tip: For desks 29¹/₂"Dx58"W and greater additional monitor arm configurations are allowed.

▶ See page 43, *Steelcase Monitor Arm Guidelines*.

Tip: Base supports a maximum distributed weight capacity of 360 pounds (2-leg) and 500 pounds (3-leg). When calculating lifting capacity, subtract the weight of the worksurface and understructure.

Tip: 2-leg desks that have an overhang, or are 35"D or 36"D will have a distributed weight capacity of 300 pounds (136.1 kg).

▶ See page 52 for understructure weights.

Tip: Antimicrobial additives can be specified only when specifying simple touch controller.

Tip: Attachment hardware is intended for worksurfaces 1" thick only.

Tip: 9" overhang is available on desks 64"W and larger. Overhang on both sides is available on 70"W and 76"W only.

Tip: Overhang not available on 35"D or 36"D.

Tip: Overhang is available on rectangular bases only.

Standard Includes		Required to Specify

Required Selections		U.S. Price	Required to Specify
Antimicrobial Components	• Non-antimicrobial components	No cost	Specify with non-antimicrobial components.
	• Antimicrobial components	No cost	Specify with antimicrobial components.
Options		U.S. Price	Required to Specify
Surface Materials	Bases		
	• Paint price group 1	No cost	Specify paint color number.
	• Paint price group 2 for rectangular and tapered bases	+\$ 44	Specify paint color number.
	• Paint price group 2 for corner bases	+\$ 66	Specify paint color number.
			▶ See <i>Surface Materials</i> , page 274.
Desk Type	• Parametric width desk	No cost	Specify with parametric desk type.
Overhang	• Desk overhang on left	No cost	Specify with desk overhang left.
	• Desk overhang on right	No cost	Specify with desk overhang right.
	• Desk overhang left and right	No cost	Specify with desk overhang left and right.
Glides	• 1" adjustable glides	+\$ 23 per glide	Specify with 1" glides.
Controller	• Simple touch controller	–\$ 74	Specify with simple touch controller.
	• 4 pre-set controller	+\$173	Specify with 4 pre-set controller.

Tip: The standard active touch controller is Bluetooth-enabled to allow pairing with the *Steelcase Rise* app.

⚠ WARNING

Read base only warranty limitations.

▶ See page 26 for *Workstation Design Guidelines and Requirements*.

Ology Modesty Panels

High-Pressure Laminate or Wood Veneer

Tip: Modesty panels cannot be used on desks with integrated rail. To use with the integrated rail, the modesty panel must be undersized by a minimum of 12" (rectangular and tapered) or 7" (90°) and inset from the edge of the worksurface.

For laminate price group 2 and 3 pricing, please refer to the electronic catalog or SmartTools.

Tip: Modular modesty panels are undersized 2½" to account for desks with radius corners.

Tip: When using a modesty panel on straight and taper parametric sized desks, modesty panel width must be verified in CET to avoid interference.

Tip: Modesty panels are defaulted in the horizontal grain direction for both laminate and wood veneer. Optional vertical grain direction can be specified, however, laminate specification is only allowed up to 60" wide.
