Steelcase Flex Privacy Wrap

Using knit to fit, zero-waste technology with less energy, the Steelcase Privacy Wrap textile is perfectly engineered to fit the unique curves and contours of the screens, eliminating material waste and increasing recyclability.

Learn more here:

Steelcase Flex Perch with Ultramid

Steelcase Flex Perch is the first furniture product to use a sustainable innovation called Ccycling™ that transforms recycled content from electronics production waste into a like-new raw material, which is also 100% recyclable.

Steelcase Flex Perch stool has achieved BIFMA LEVEL® 2 certification, and indoor air quality (IAQ) certification through Scientific Certification Systems Indoor Advantage™ Gold.

Learn more here:

Victor2

Victor2® encourages recycling — its streamlined design with interchangeable inserts can be customized to specific needs and make it easier for people to sort waste into the right disposal or recycling stream.

Victor2 has achieved BIFMA LEVEL® 3 certification, and indoor air quality (IAQ) certification through Scientific Certification Systems Indoor Advantage™ Gold.

Bolia Seed

Made from 85% recycled plastic and FSC®-Certified wood, the Seed Armchair combines modern style with sustainability.

Learn more here:

Coalesse LessThanFive

A first of its kind using lightweight carbon fiber in workplace furniture, the LessThanFive® chair weighs under five pounds, resulting in less fuel being used during transportation, lowering carbon emissions and promoting a more environmentally friendly supply chain.

LessThanFive has achieved indoor air quality (IAQ) certification through Scientific Certification Systems Indoor Advantage™ Gold.

Learn more here:

Surround

Surround® uses the same parts as the Regard® lounge system to support modularity and efficiencies in assembly and operations. Components are designed for easy assembly, reconfigurability and replacement between the two products, allowing reuse for years to come.

Surround has achieved BIFMA LEVEL® 3 certification, and indoor air quality (IAQ) certification through Scientific Certification Systems Indoor Advantage™ Gold.

Regard has achieved BIFMA LEVEL® 3 certification, and indoor air quality (IAQ) certification through Scientific Certification Systems Indoor Advantage™ Gold.
