Jack	302
------	-----

Jack

Jack is a complete family of comfortable, budget-friendly chairs that are as nice to look at as they are to sit in. Jack can take on whatever your workday brings.
 ▶ Specifying, page 302

Seat depth adjusts within a 1¹/₂" range to accommodate users of varying leg lengths.

Seat height adjusts within a 5" range with a pneumatic adjustment mechanism.

Casters have hard, dual-wheels that roll smoothly on carpets. They are 2¹/₂" for increased mobility. Soft, dual-wheel casters are available as an option for use on hard floors or chair mats.

Adjustment Features

Variable back lock adjusts by pulling lever forward and leaning back to desired angle. Push lever back to lock into position. To release for tilt, push lever forward and lean back.

Arm height adjusts by pushing trigger up and holding, pull arm up or push down and release trigger to lock.

Maintenance arm width adjusts by loosening screws under arm bracket, adjusting arm in or out, and tightening screws.

Seat depth adjusts by lifting lever up and holding, shift seat forward or back, and release lever to lock.

Back height adjusts by grabbing chair back with both hands and slowly pulling up to desired height. To lower back, pull up to highest position, and back will drop to lowest position. Reset mechanism by pushing down firmly, then adjust upward.

Pneumatic seat height adjusts by lifting body weight up and pulling lever. To lower chair, remain seated and pull lever up.

Tilt tension adjusts by turning counterclockwise to decrease. Turn clockwise to increase.

Surface Materials

▶ See surface materials on page 790 for specific availability or refer to the *Surface Materials Reference Manual* for further information.

Upholstery

- Fabric
- Fabric with soil-retardant treatment (option)

Hard components

Chair (frame, outer back, T-arms, and five arm base)

- 6205 Black

Casters

- 6205 Black

All Steelcase seating with standard upholstery fabrics complies with requirements of the State of California Technical Bulletin 117. All standard seating is labeled to be in compliance with California 117.

Programs & Services

Local codes may have special requirements for upholstery.
