Victor2™
recycling center

Steelcase

IM#: 12-0001534 | Victor2 in Clear Cherry and Platinum; Enea cafe stools in Arctic White and Silver Metallic; Enea tables in Silver Metallic and custom table surface.

RECYCLING FOR ALL ENVIRONMENTS.

Based on our first product, the Victor metal waste basket, Victor2 encourages recycling with upscale and streamlined aesthetics. Multiple surface material options allow you to blend across Steelcase product lines and create a culture of recycling in cafes, conference rooms and collaborative spaces. Victor2 is available as mobile or freestanding unit and contributes to LEED certification. Designed by Steelcase Design Studio in collaboration with HOK Product Design.

Steelcase's history of innovation and sustainability began 100 years ago. Victor, a metal waste basket, was designed to reduce fires caused by ashes in wicker wastebaskets.

IM#: 12-0001995

INTERCHANGEABLE INSERTS

Choose from 8 interchangeable inserts to create a recycling center that fits the needs of your space. The uniquely shaped inserts and recycling icons give clear direction for disposal and recycling.

IM#: 12-0001999

MOBILITY

The mobile unit can be moved into a conference room, shared space, breakroom or café area. Top can be used for food service or tray storage.

IM#: 12-0001991

EASE OF ACCESS

Front access on the freestanding unit and rear access on the mobile unit makes servicing quick and effortless.

IM#: 12-0001530

OPTIONAL ACCESSORIES

Freestanding unit offers tray shelf for use in cafe areas, while changeable messaging display gives clear direction for waste disposal and recycling.
